

Curriculum Vitae of

Asher S. Imam, D.O.

321 West Southlake Blvd, Suite 180

Southlake, Texas 76092

Phone: (817) 421-2905

EDUCATION

Fellow in Clinical Neurophysiology, July 1, 1999-June 30, 2000, Dept. of Neurology, Division of Electro-diagnostic Medicine, Medical College of Georgia, 1120 15th St., Augusta, Georgia 30912-3200. Director of the fellowship program: Michael Rivner, M.D.

Resident in Neurology, July 1, 1996 – June 30, 1999, Dept. of Neurology, Medical College of Georgia, 1120 15th St., Augusta, Georgia 30912-3200. Chairman: Thomas Swift, M.D.

Internal Medicine Internship, July 1, 1995 – June 30, 1996, Dept. of Medicine, House Staff Office, Medical College of Georgia, 1120 15th St., Augusta, Georgia 30912. Director: Peter Stein, M.D.

Doctor of Osteopathic Medicine, University of North Texas Health Science Center at Fort Worth, Texas 76107-2699, June 1995

Pre-med., University of North Texas, Denton, Texas

Graduate studies in Electrical Engineering, Southern Methodist University, Dallas, Texas

B.S. Electrical Engineering, Lamar University, Beaumont, Texas, May 1985

**LICENSURE/
CERTIFICATIONS**

Licensed in the state of Texas to practice medicine and surgery

Board Certified in Neurology

Board Certified in Vascular Neurology

Board Certified in Clinical Neurophysiology

Board Certified in Sleep Medicine

American Board of Psychiatry and Neurology (Member American board of medical specialties)

Extensive experience in performing and interpretation of EMG, NCV, VER, SSEP, BAER, EEG, Polysomnograms, nerve blocks, and Botulinum Toxin injections. Experience in interpretation of Carotid Duplex and Transcranial Doppler studies.

WORK

President, Southlake Neurology and Neurophysiology Clinic

Responsibilities include management and treatment of all patients

with a wide variety of acute or chronic neurological complaints or disorders in the clinical or acute care setting such as hospital or emergency room. Responsibilities also include management of the clinic and its day to day affairs.

Chief, Neuroscience Service Line, Baylor Scott and White hospital at Grapevine; August 2016-present. Current responsibilities include providing leadership to staff, physicians, and administration in planning and formation of neuroscience service line at the hospital, to continue leading the stroke service line, develop a written protocol in collaboration with other disciplines, oversight of comprehensive stroke data with, coordinate and integrate the multidisciplinary services of a Primary Stroke Center, collaborate with and educate EMS and emergency department for rapid treatment of stroke patients, create educational programs for healthcare providers, participate in direct stroke research, and assist the hospital in enforcing the bylaws, rules, regulations, and policies of the hospital and joint commission.

Director of Stroke Program, Baylor Scott and White hospital at Grapevine; January 2009-present. Current responsibilities include assisting the staff and administration in formation of comprehensive stroke center. Other responsibilities include overseeing the stroke program, set orders and guidelines for stroke care, education of nursing staff and physicians, and making sure the program meets the JCAHO quality measures to maintain certification.

Director of Baylor Comprehensive Epilepsy and Sleep Disorders Center, Grapevine, Texas; January 2008 to May 2014. Responsibilities included interpretation of EEGs, polysomnograms, MWTs, and MSLTs and management and treatment of patients with wide variety of sleep disorders. I was also responsible for maintaining the quality of the program, certification, and education of the technicians.

Partner and staff neurologist, Neurology Associates of Arlington, 811 West I-20 Ste. 212, Arlington, Texas; August 1, 2000 - March 5, 2007. Responsibilities included management and treatment of all patients with a wide variety of acute or chronic neurological complaints or disorders in the clinical or acute care setting such as hospital or emergency room.

Director of Stroke Center of Excellence and Co-Director Neuroscience Program at Medical Center of Arlington; April 2006-September 2007. I assisted the staff and administration in the formation of not only the neuroscience center, but also the first

JCAHO certified stroke center in Tarrant County. Responsibilities also included overseeing the stroke program, setting orders and guidelines for stroke care, education of nursing staff and physicians, and made sure the program meets the JCAHO quality measures to maintain certification.

Director, North Texas Sleep Disorders Center, 811 West I-20 Ste. G12, Arlington, Texas; March 2002-March 2007. Responsibilities included interpretation of polysomnograms, MWTs, and MSLTs and management and treatment of patients with wide variety of sleep disorders. Responsibilities also included management of the sleep disorder center and supervision and education of the polysomnography technologists.

Medial Director, Kindred Hospital Sleep Disorders Center, 1000 North Cooper, Arlington, Texas 76011; November 2000- Feb. 2002. Responsibilities include interpretation of polysomnograms, MWTs and MSLTs. and management and treatment of patients with a wide variety of sleep disorders.

AOD (Admitting Officer of the Day), Part-time, Life Support Unit (LSU), Veterans Administration Hospital, Specialty Care Office, One Freedom Way, Augusta, GA 30904-6285; Dec. 1997- July 2000. Duties included initial and emergent management, treatment, stabilization, and admission to the hospital of all critically ill or injured patients. Additional duties included supervision of all nursing and ancillary staff in LSU.

Fee for Service Physician, Part-time, Compensation and Pension office, Veterans Administration Hospital, Specialty Care Office, One Freedom Way, Augusta, GA 30904-6285; Dec. 1997- July 2000. Responsibilities included performing medical and neurological examination on war veterans for compensation, disability assessment, and pension.
